## FEEDING DIRECTIONS

Feed this product free-choice or mix in complete rations at an optimum rate of four (4) ounces per head per day. Provide free-choice salt as required. Cattle feed rations deficient in minerals may cause cattle to over-consume this product when first offered. If over-consumption occurs, limit access to this product for one week until recommended consumption level is met. Place product near water sources or loafing areas. Always provide fresh clean water at all times.

**WARNING:** THIS PRODUCT CONTAINS HIGH LEVELS OF COPPER. DO NOT FEED THIS PRODUCT TO SHEEP.
